

SC40

TRILAMINATE DRYSUIT

High-performance drysuit made from robust three-layer nylon/butyl/nylon trilaminate — maximum stability, safe buoyancy behaviour and uncompromising workmanship. The covered DYNAT metal zipper runs diagonally from the shoulder across the chest and can easily be opened and closed without assistance. Our price-performance leader.

SC40TRI

TECHNICAL DATA

ART. NO.	SC40TRI
MATERIAL	Trilaminate: 300 den Oxford polyamide / butyl rubber / 75 den polyamide, 378 g/m ²
PROPERTIES	Air- and watertight, tear/abrasion and chemical resistant, UV resistant, no cold cracking to -30 °C
SEAMS	Double-stitched outside (nylon 20/3), hand-taped inside with 1.5 mm neoprene tape
ZIPPER	DYNAT metal zipper, made in Germany, diagonal, covered
NECK SEAL	2.5 mm smooth-skin neoprene, fold-over, warm collar
WRIST SEALS	2.5 mm smooth-skin neoprene, conical, covered
FIT	Telescopic torso with crotch strap, internal suspenders
KNEES	600 den coated nylon reinforcement
FOOTWEAR	Neoprene dry boots, medium sole
POCKETS	2 large expandable thigh pockets
GLOVES	Ring system can be fitted

KEY FEATURES

- **Self-donning:** Diagonal front zipper operated without assistance.
- **Ergonomic fit:** Telescopic torso system with crotch strap.
- **Watertight:** Covered conical neoprene seals; hand-taped seams.
- **Durable:** Tear- and abrasion-resistant trilaminate, reinforced knees.
- **Storage:** Two large expandable thigh pockets.
